

Interested in a **Berkshire Bike Skills Park**? We'd love your support!

Summary:

Our three nonprofit, volunteer-operated, cycling clubs are working toward establishing a **free, public bike skills park** in the city of Pittsfield. The high-caliber build of this park will become a major draw to riders from the Berkshires and beyond who—when traveling to visit the park—will also be supporting local businesses... like yours!

Because of the level of quality of the park we are envisioning, we will be working with a professional trail building company, **Powder Horn**, to plan and construct the park. It is costly to not only secure a comprehensive plan, but also to construct the park in a safe and attractive way.

We are looking to raise up to **\$400,000** to cover this entire project, which will be done through a combination of medium- to large-scale grants, crowdsourcing, and local fundraising. This is where **you** come in... we are looking for companies, organizations, and individuals to contribute to the fundraising efforts. We have a number of levels available, each of them connected to some benefits to show our appreciation for your support.

Any amount is appreciated, but we hope you can be a big part of helping us reach our end goal of \$400,000 to make this park a true destination within our region!
